Dear Parents and Guardians

## **Re: Mudchute Farm Year One - Friday October 14<sup>th</sup>**

In Science, Year One have learning about animals, specifically thinking about how we can sort them according to their similarities and differences. We will be visiting Mudchute Farm for a guided tour to look at the animals up close and learn more about their structure, what they eat and how they behave.

We will be travelling by bus to get to the centre of Greenwich and will be walking under the tunnel near the Cutty Sark and along to Mudchute Farm. We will be leaving in the morning just after peak travel time and should return to school by end of day.

Your child will need a packed lunch and drink, please ensure it is nut free and please no glass bottles, or fizzy drinks. Also, please ensure your child has their inhaler should they have one prescribed for asthma.

A big thank you to any parents or guardians who have already volunteered to accompany us on this trip. We rely on extra adult support for the trip to take place, so if you are able to come please let your child's class teacher know via the office at [hscontact@halstow.compassps.uk](mailto:hscontact@halstow.compassps.uk) as soon as you can.

Thank you for your continued support.

Ms. Bunzl and Miss Mancey
